

# PF-10 Foam Cleaner

GUN MAINTENANCE CLEANER

**ULTRASEAL®**  
PU FOAMS  
TECHNICAL DATA SHEET

Page 1 of 1

**UltraSeal® PF-10 Foam Cleaner** is a cleaning solvent used to dissolve any uncured foam and adhesive foam from unwanted places. Uniquely designed for use with the Nuco dispensing guns. UltraSeal® PF-10 will work as well for general cleaning purposes.

## FEATURES & TYPICAL USES:

**UltraSeal® PF-10 Foam Cleaner** is designed to flush out any remaining uncured foam or adhesive from your gun. Leaving it in good working condition and ready for your next project. Typically, consumption is one can of cleaner per case of foam or adhesive. Please note, Ultra Clean will not dissolve cured foam or adhesive.

## SURFACE PREPARATION & APPLICATION:

Be prepared. Wear protective goggles, gloves, and clothing. Do this cleaning process in a well-ventilated area using a plastic lined trash barrel. Shake can well before spraying, or attaching to the Nuco dispensing gun. **DO NOT** use in a horizontal position. For general cleaning, attach plastic nozzle on to the valve of the can. For gun cleaning, screw Ultra Clean can on gun basket, finger tight **only**. Carefully pull the trigger to discharge cleaner through gun. Spray until all traces of foam or adhesive have been removed and you see that all yellowish resin has been cleaned from gun. Release the gun trigger and let solvent soak in gun for 1 to 3 minutes. Remove the can of PF-10 from the Nuco dispensing gun. Place a new can of UltraSeal® gun foam onto the dispensing gun. Spray new foam can into the plastic lined trash barrel for 10 seconds to purge out all remaining cleaner still in the dispensing gun.

## CAUTION:

Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 49°C (120°F). **Keep out of reach of children.** Do not leave container in a closed area such as a motor vehicle, especially in the summer heat. Contents are extremely flammable. **First Aid:** Non-toxic under normal conditions. Treat as a mild irritant to skin. Flush eyes with water and see a physician. Product contains acetone and is flammable.

## PACKAGING & COLOURS:

UltraSeal® PF-10 is packaged in 340g (12 oz) aerosol cans, 12 cans per case. PF-10 is available in **clear** only.

## STORAGE:

UltraSeal® PF-10 is an aerosol material and must be kept below 49°C (120°F).
